VGN SELLS APARTMENTS WORTH 450 CRORES AT FAIRMONT

VGN Fairmont has received an overwhelming response since its launch. Phase I, II and III have been sold out and Phase IV is now up for sale. VGN has sold 450 crores worth of stock or approximately 600 apartments within the first 10 days of the launch. In addition to its unbeatable location and price, the huge bookings at VGN Fairmont are also due to its close proximity to several schools, hospitals, shopping malls and recreational centres, making it an ideal investment for homebuyers. "The response from Chennai to VGN Fairmont has been overwhelming. We are getting hundreds of walk-ins every day," said K. Rajasekhar, Finance head, VGN Developers.
